CLATMS MINUTES

THE MINUTES OF JULY 6, 1982 AND JULY 7, 1982 WERE APPROVED

BY LODI ARTS CENTER APPROVED

USE OF CITY FACILITY Council was apprised that the Lodi Arts Center has agreed to move their headquarters and gallery from the upstairs Pine Street location to the new Hutchins Street Square. A proposed agreement at a monthly rate of \$125.00 with a reopener to negotiate for additional time was presented for Council's approval.

> COUNCIL APPROVED THE AGREEMENT FOR USE OF A FACILITY AT HUTCHINS STREET SQUARE BY THE LODI ARTS CENTER AND AUTHORIZED THE CITY MANAGER AND CITY CLERK TO EXECUTE THE AGREEMENT ON BEHALF OF THE CITY.

Council was apprised that on September 1, 1981, Council adopted Resolution No. 81-123 accepting the bid received from Texas Oil and Gas Corp. of \$15,000.00 - cash bonus including the first years rent as set forth in Exhibit "A" of the specifications. The appropriate lease agreement was prepared and executed and forwarded to the San Joaquin County Recorder for recordation.

The Recorder has contended that the document was not of reproducable quality and new Agreements had to be drawn up.

MAYOR AND CITY CLERK AUTHORIZED TO EXECUTE GAS AND OIL LEASE AGREE-MENT 1 - 1

ONE WAY ALLEY BETWEEN OAK AND WALNUT ESTABLISHED

RES. NO. 82-75

Council authorized the Mayor and City Clerk to execute Gas and Oil Lease Agreement with Texas Oil and Gas Corporation covering 760.87 acres as approved on September 1, 1981 with Council's adoption of Resolution No. 81-123.

Council was apprised that a request had been received to designate the alley between Oak and Walnut as one-way from Church Street to Pleasant Avenue in an effort to relieve traffic congestion and reduce hazards to children attending the St. Anne's and Methodist's Schools.

COUNCIL ADOPTED RESOLUTION NO. 82-75 DESIGNATING THE ALLEY BETWEEN OAK STREET AND WALNUT STREET AS A ONE-WAY ALLEY FROM CHURCH STREET TO PLEASANT AVENUE.

MAP APPROVED

HIDEAWAY SUBDIVISION The final map for Hideaway Subdivision was presented for Council's approval with Council being apprised that this map is for a one-lot condominium subdivision which will be comprised of six residential units. It is being developed by the Richards Company at 719 North School Street. The off-site improvements are being installed under an Encroachment Permit and no subdivision agreement is required. The map is being filed to conform to the legal requirements of condominium projects.

> COUNCIL APPROVED THE FINAL MAP FOR THE HIDEAWAY SUBDIVISION AND DIRECTED THE CITY CLERK TO EXECUTE THE SUBDIVISION MAP ON BEHALF OF THE CITY.

IMPROVEMENTS ACCEPT-ED

33.863

RES. NO. 82-76

PINEWOOD SUBDIVISION Council was informed that the improvements in Pinewood Subdivision have been completed in substantial conformance with the requirement of the Subdivision Agreement between the City of Lodi and Pinewood Limited, dated May 20, 1981, and as specifically set forth in the plans and specifications approved by the City Council.

> COUNCIL ADOPTED RESOLUTION NO. 82-76 ACCEPTING THE SUBDIVISION IMPROVEMENTS AND STREETS INCLUDED IN TRACT MAP. NO. 1620, PINEWOOD SUBDIVISION.

DEVELOPMENT AGREE-MENT AMENDMENT FOR 1220 EAST VICTOR ROAD APPROVED

Council was apprised that Lodi Door, Inc., the owner/developers of the property at 1220 East Victor Road, have requested that the bonds covering off-site improvements along Cluff Avenue, which they have provided since September 1980, be released and they be allowed to enter into a development agreement with the City to defer the improvements required under those bonds. The developer has already installed the required improvements on Victor Road and Mounce Avenue.

Because of the future storm drain installation in Cluff Avenue, the off-site improvements in that area have been delayed. They have been paying premiums on the bonds required by the development agreement and the amendment will allow the City to release the bonds.

COUNCIL APPROVED THE DEVELOPMENT AGREEMENT AMENDMENT FOR 1220 EAST VICTOR ROAD, LODI, AND AUTHORIZED THE CITY MANAGER AND CITY CLERK TO EXECUTE THE AGREEMENT ON BEHALF OF THE CITY.

REGULAR CALENDAR

Agenda item K-l - "Approve 4-way stop, Stockton and Pine Street" was introduced by Public Works Director Ronsko. Mr. Ronsko apprised the Council that the Public Works Department has reviewed the intersection as part of its ongoing program to reduce high accident locations. Any one of the following conditions may indicate the need for a four-way stop sign installation:

- Where traffic signals are warranted and the need is urgent, the four-way stop is an interim measure that can be installed quickly to control traffic while arrangements are being made for the signal installation.
- An accident problem, as indicated by five or more reported accidents of a type susceptible of correction by a four-way stop installation in a 12-month period. Types of accidents susceptible of correction include right angle and left turn collisions.
- 3. Minimum volume warrant:
  - a. The total vehicular volume entering the intersection from all approaches must average at least 500 vehicles per hour for any eight hours of an average day, and
  - b. The combined vehicular and pedestrian volume from the minor street or highway must average at least 200 units per hour for the same eight hours with an average delay to minor street vehicular traffic of at least 30 seconds per vehicle during the maximum hour.

This intersection meets all three of the above.

- The intersection has warranted traffic signals for sometime.
   A copy of the most recent investigations of the intersection
   for signals was presented for Council's perusal, however,
   preliminary review indicates that it's probably No. 5 in
   priority. If the City continues to install new signals at
   one intersection per year, the problem can only become worse
   in that time.
- There have been five accidents in the last year and ten in the last two years which are of the type susceptible to correction, (i.e. right angle impact where one or the other or both vehicles failed to properly yield the right-of-way.)
- 3. The average of the highest 8 hours gives a total hourly traffic of 841 considerably above the minimum of 500 and the average of the highest 8 hours on the minor street is 267 vehicles per hour. People crossing Pine Street at this location will attest to the fact that considerable delay is encountered and may, in fact, increase the possibility of accidents because of the frustration level that sometimes develops.

The City has previously prohibited some curb parking to provide visibility for drivers entering or crossing Pine Street. The installation of four-way stop signs at the intersection will enable the City to convert a portion of these blocks to onstreet parking. In order to reduce accidents and based on the established guidelines, it is the Public Works Department's recommendation that a four-way stop sign be installed at Pine and Stockton Streets.

A very lengthy discussion followed with questions being directed to Staff.

PROPOSED FOUR-WAY STOP - STOCKTON AND PINE STREET REJECTED Councilman Pinkerton then moved to deny Staff's recommendation for approval of the installation of four-way stop signs at the intersection of Stockton and Pine Streets and eliminate a portion of the red curb on Pine Street at the same location.

The motion failed to carry by the following tie vote:

Ayes: Council Member- Pinkerton and Reid

Noes: Council Member- Olson and Snider

Absent: Council Member - Murphy

Additional discussion followed and Council indicated it was desirous of having an opportunity to review the 1982 Traffic Signal Priority Study just received, before the matter is brought back to the Council.

APPEAL OF OWNERS
OF PROPERTY AT 412,
415, 423, and 431
S. SACRAMENTO STREET
RE DEVELOPMENT
IMPROVEMENTS

ئ ري

Agenda item K-2 - "Appeal of owners of property at 412, 415, 423, and 431 South Sacramento Street redevelopment improvements was introduced by Public Works Director Ronsko.

Mr. Ronsko stated that in October of 1979, Muller Equipment Company took out a building permit for construction of a new warehouse valued at \$76,000. Prior to issuance of a permit, at the request of the City, the following took place:

- Since the proposed building straddled a property line, the necessary paperwork was processed to remove the property line, creating one larger parcel out of two, as shown on sketch provided for Councils perusal and identified as Parcels 1A and 1B.
- 2. In conformance with Section 5-24 of the Code of the City of Lodi, a deed of dedication for five feet along all the frontage both controlled and used by the company was prepared by the City and signed by the owners, (Parcels lA, lB, and 2 of sketch).
- 3. In conformance with Section 5-22 (b) of the Code, an agreement to install improvements along the frontage described in 2 above, was also prepared by the City and signed by the owner.

The frontage on the east side of Sacramento Street included in the dedication and agreement for improvement was based on the use of the property by the company for manufacturing, warehousing, and storage. The existing property line, between the two included parcels (lA, lB and 2), appears to be historical only, as both parcels are used as one by the owner. It should be noted, however, that either parcel lA, lB or 2 could be sold separately.

Parcel 3 as shown on the sketch is also owned by the same company, however, because it is used for other purposes, it was not included in either the dedication or agreement to improve.

At the time all items were returned to the City, and the permit issued, Mr. Muller said that he did not think we were being fair and that he wished to appeal our decision. Rather than record documents, and then re-record or abandon if the appeal was granted, it was elected to hold the signed documents until such time as the outcome of the appeal was known.

A copy of Mr. Muller's appeal letter was presented for Council's perusal.

The City Council heard and discussed the appeal of Mr. Phil Muller regarding the development requirements on his property located at 412 S. Sacramento Street, Lodi. Following discussion Mr. Muller withdrew his appeal covering 415, 423, and 431 S. Sacramento Street. The City Staff pointed out that the development requirements being questioned were related to an interpretation of the ordinance.

Following receipt of testimony by Mr. Muller and his engineers and Staff's presentation, Council Member Olson moved that the property owner be allowed to redevelop a property line south of the new building by means of a parcel map and that development off-site improvements only be applicable to the frontage of the new lot. The motion was seconded by Council Member Pinkerton and carried by unanimous vote.

REQUEST FOR RELIEF OF FRONT FOOTAGE CHARGES FOR WATER MAIN TAP Mr. Mike Sabo, 4264 East Almond Avenue, Lodi, addressed the Council asking for some relief of the front footage charges for his recent water main tap on Almond Avenue. The City's policy regarding water main extensions was outlined for the benefit of the Council. A lengthy discussion followed with questions being directed to Staff and to Mr. Sabo. On motion of Mayor Reid, Olson second, Council denied the request.

Following introduction of the matter by Assistant City Manager Glenn, Councilman Pinkerton moved for introduction of Ordinance No. 1266 adopting an Operating Budget for the support of various departments of the City of Lodi and a Utility Outlay Budget for the Fiscal Year beginning July 1, 1982 and ending June 30, 1983 in the amount of \$29,545,205. which included the following addendum:

LOT LINE ADJUSTMENT APPROVED

RES. NO. 82-74

CITY OF LODI TO JOIN Mayor Reid
WITH NCPA IN A City of Lod
COMPLETING APPLICATION FOR THE LICENSE facilities.
TO OPERATE THE KINGS
RIVER HYDROELECTRIC City Clerk
FACILITIES Lodi Manage

부 : 500

RES. NO. 82-73

Following introduction of the matter by Community Development Director Schroeder, Council, on motion of Council Member Pinkerton, Olson second, adopted Resolution No. 82-74 approving the Lot Line Adjustment at 320 and 450 North Cherokee Lane, Lodi.

Mayor Reid introduced the subject of the possibility of the City of Lodi joining with N.C.P.A. in a completing application for the license to operate the Kings River Hydroelectric facilities.

City Clerk Reimche read a statement by Robert G. Scott, acting Lodi Manager for Pacific Gas and Electric indicating that PG&E will strongly oppose any effort by another party to license the King's River facilities. Mr. Scott was in the audience and addressed the Council regarding PG&E's position on the matter.

A lengthy discussion followed with Councilman Pinkerton voicing his opposition to participating in this project.

Mayor Reid then moved that Council authorize the City of Lodi to join with NCPA in a completing application for the license to operate the Kings River Hydroelectric facilities. The motion was seconded by Councilman Snider and carried by the following vote:

Ayes: Council Member - Olson, Snider, and Reid (Mayor)

Noes: Council Member - Pinkerton

Absent: Council Member - Murphy

Additional discussion followed with Councilman Pinkerton moving that a \$10,000 cap be placed on this project. The motion died for lack of a second.

Councilman Pinkerton then asked that the record show his proposal of a \$10,000 cap and his belief that the actual costs will be 10 times that figure.
